

Quality Policy Statement

It is GSS Plant Ltd.'s policy that the services it offers shall meet with the expectations and requirements of clients every time. The Top Management of GSS Plant Ltd is committed to the ideals documented within the Quality Management System ISO 9001.

The GSS Plant Ltd Quality Management System focuses on meeting and satisfying client requirements in a cost effective and professional manner. The Top Management of GSS Plant Ltd is committed to meeting all Statutory Regulations and where possible will build on this requirement to attain best practice.

People are the greatest resource of GSS Plant Ltd. GSS Plant Ltd employs suitably trained and qualified staff working to effective control measures and using the correct levels of materials and technological support. It is by the expedient use of these resources that we ensure the client's needs are always attained. All activities are correctly planned, executed, verified and reviewed to continuously improve the quality of the service offered.

The management will accomplish the objectives of this policy by:

- Encouraging awareness by all staff of the commitment to Quality by the company.
- Ensuring the Objectives of this policy are known and understood by all staff.
- Regularly reviewing this policy to ensure it continues to be suitable.
- Implementing the quality management system to ensure the realisation of product which is satisfactory to clients.
- Regularly reviewing and auditing the system and taking the necessary actions to maintain its effectiveness.
- Providing adequate resources to achieve the stated management objectives.

- Management will provide resources for continuous improvement of the QMS
